"The voice of the Highlands" since 1882

20 cents

Charges laid following chase

A police chase through the village of Haliburton ended in one person being charged with dangerous driving.

Bert Alexander Madill, 20, of Gooderham, was charged following a high speed chase involving a police car and motorcycle in Haliburton, Friday, at 8:50 p.m.

The Minden detachment of the Ontario Provincial Police reported that the charge was laid as a "result of a motorcycle attempting to avoid an OPP cruiser in Haliburton Village."

The chase, which a police spokesman said started in a village street, went as far as the Haliburton Highlands Secondary School where the motorcycle rolled down a hill and was lost for some time.

The police later stopped the motorcyclist while he was travelling along the railway tracks beside Head Lake.

Witnesses claim the vehicles were travelling at a high rate of speed through the village.

Madill has also been charged with driving without a license for a motorcycle and driving with no insurance.

This is an artists drawing of the front of the proposed new curling club for Haliburton. The new club could contain a squash club area and a room for a senior citizen

group as well. The estimated cost of the project is \$306,000 with all but \$100,000 being funded by Wintario. A release from the curling club last week

stated, "At this time, the plans call for a completely new curling surface of four sheets, assembly and lounge area, locker room, etc., plus two single squash courts and an area for a senior citizens' drop-in centre."

Teachers and board continue to bargain

The Haliburton Board of Education and the high school teachers in the county are both looking for contract settlements within the Anti-inflation Board Guidelines.

In a joint release on Monday, Bob Penfold, chief negotiator for the teachers and Len Salvatori, chairman of the salary committee of the Board of Education stated, "Although final agreement has not been reached, amicable negotiations between the board and the teachers continue. A recess has been called for July and the early part of August to enable teachers to pursue vacation plans or to attend courses at Ontario universities."

In the release it is noted that both parties feel that a sound basis for early settlement has been laid in negotiations to date.

The teachers' contract will expire in September.

In a news conference on Monday it was noted that the teachers and the board committee has had seven meetings since February. The first meeting was held to set the ground rules for negotiations.

Mr. Penfold said that he didn't feel that they were ready to make a statement at this stage of the negotiations. "If we get into details we could be damaging the negotiations," he said.

Mr. Penfold and Mr. Salvatori agreed that presently the differences between the two groups is in the distribution of money not in the amount.

It was pointed out that a number of teachers would be involved in negotiations in August.

Taxes up 12 percent

Taxpayers in Dysart et al. will experience about a 12 per cent tax increase this year.

Reeve Murray Fearrey said the increase, although the budget is not yet finalized, the increase will be about 12 per cent overall, including municipal and school board levies.

He said that he wanted to see the final budget before announcing all of the figures.

"Engineers were right"

Beams rotted in Monmouth Arena

A lot of people in Wilberforce weren't too convinced when provincial engineers condemned their

Keith Tallman, Deputy Reeve of Monmouth, smashes with ease a piece of wood he ripped from the rotten timbers of the old Wilberforce arena. He reported that many had expressed disbelief when engineers had condemned the building.

arena, along with 400 others in the province, says Don Herbert, member of the Wilberforce building committee, including himself.

Plans only called for reinforcing the tresses in the ceiling but, "knowing these problems now, I doubt we could have repaired it," he says.

Keith Tallman, Deputy Reeve and chairman of the recreation committee, along with Mr. Herbert, showed

The Echo what the damage was to the Wilberforce arena, constructed in 1950, with local materials and local help.

They say at least eight of the supporting beams for the structure were completely rotted along with rotting in several spots in the tresses.

"We would never have been able to tell without taking it apart," says Mr. Herbert, "the engineers were right."

He points out that it is just

as well that the committee decided to rebuild the arena from the start as they would have had to do it anyway.

Towards this end he reports that \$7,000 of materials was saved from the old building and put in the new arena fund.

Mr. Tallman says the arena fund now stands at about \$28,000. He says \$55,000 to \$60,000 is needed.

Mr. Tallman tells The Echo that a big contribution to the

fund will be gained through the Country Good Times weekend July 22, 23, and 24. More than 5,000 persons are expected to attend, he forecasts.

The big event starts Friday evening with a carnival and beauty contest and a midway featuring rides and games. Later in the evening will be a

teen dance and throughout the night a home show exhibition.

Says Mr. Herbert, "Saturday starts with the biggest parade in Haliburton County." That event is at 1 p.m. and the midway opens again at that time. At 2 p.m. an amateur music night contest is planned and at 9 p.m. the

Country Good Times Ball. The weekend also features a beer garden and food concessions.

Sunday begins with a pancake breakfast and just after the midway opens at noon, there will be a Legion parade at 1:30 p.m. Also featured that afternoon is a planned horse pull contest.

Scott wants assistance for farmers metric conversion

Bill Scott, MP, Victoria-Haliburton, in an oral question period in the House of Commons last week asked if farmers would receive assistance in meeting costs of conversion to the metric system.

"In light of the fact that the government has recently indicated that a subsidy will be made available to assist motor mechanics in changing over to metric tools, will the Minister give consideration to broadening this assistance program to help farmers and other individuals who will also be forced to change over as a result of metrication?"

Len Marchand, Minister of State (Small Business) said, "The Metric Commission and the sector committees have considered this question very carefully and have decided that there are only two areas where subsidies would be needed. These are especially

high cost areas. One is self-employed mechanics who have to buy their own tools and the other one is the retail scales conversion. We have no plans at present to

increase the number of people who will require subsidy."

In a supplementary question, Mr. Scott said, "Will the minister give consideration to

\$10,000 deficit at Dysart Arena

The Dysart Community Centre had a \$10,000 deficit in operating costs in 1976.

Reeve Murray Fearrey told The Echo that the arena has a \$17,000 overdraft but all of the revenues are not in yet.

He noted that the municipality has budgeted \$8,000 to cover some of the losses.

Reeve Fearrey pointed out that part of the loss came from \$5,000 worth of breakdowns experienced at the arena this year.

He noted that the hockey school did not operate for as long last year, which also caused a loss in revenue.

Liz Austin and Shelly Jones (left to right) were at Rotary Beach last Monday to sign in registration for the

Haliburton Red Cross Water Safety Classes which began yesterday. Classes are held at 9 a.m. while Tiny Tots have classes at 1:10 p.m.

Blames government releases

Chamber concerned about Mercury

Dennis Waymouth, president of the Haliburton Highlands Chamber of Commerce, said Monday that Koshlong Lake was only one of two in Haliburton County to be tested for mercury by the Ministry of the Environment and that if it is a problem, 20 or 30 lakes could be in the same condition.

Koshlong Lake was found to have a high mercury content.

In a news release Mr. Waymouth said that the Chamber is becoming more and more

concerned with the affect on tourism that may be experienced due to current government press releases.

Mr. Waymouth claims that the area is suffering from the adverse publicity of mercury contamination and now there is a radon gas scare.

"The problem stems from the fact that the Ministries are releasing information which causes sensational headlines but does not tell the complete story," the release stated.

He pointed out that although Koshlong Lake, in Haliburton, has been pinpointed through the various news media because of mercury contamination, the Ministry of Natural Resources and the Ministry of Environment say that there is no cause for alarm, and that the amount of mercury present may have an adverse affect on anyone making a steady diet of Lake Trout from this lake. "Since it would be virtually impossible to catch enough Lake

Trout to provide anyone with a steady diet of fish from this lake one questions why the whole point had to be mentioned in the first place," he said.

Mr. Waymouth then went on to explain that Koshlong was only one of two lakes tested.

"Local expert opinions suggest that this is not a pollution factor but a natural phenomenon due to the rock formations in our area. This mercury has probably always been with us, probably

always will be and has no apparent ill affect on anyone other than the unnecessary bad publicity created by the government," Mr. Waymouth said.

He said that the Bancroft area is now suffering the affects of publicity generated by the investigation into Radon gas in that area. "If there were any genuine danger to the public, we would certainly not want any information in this regard suppressed. Certainly anyone who owns property where Radon gas

is present should be made aware of any problems that may exist," Mr. Waymouth said.

Tourist operators in the Bancroft area tell us that the information released in the media has drastically affected the Tourism outlook this year and for apparently no good reason, he noted. Officials at the Atomic Energy Control Board will assure you that there is no immediate concern for either residents or tourists throughout the Bancroft region and "we therefore ques-

tion the necessity of all this adverse publicity."

"The Chamber finds it indeed unfortunate that in these years of high competition for the Tourist Dollar, when Chambers of Commerce, Tourists Councils, and the Ministry of Industry and Tourism are all spending large sums of money while there are other Ministries of the government releasing information of this type which only serves to destroy these efforts. Help like this we don't need," he concluded.

40 want to start Horticultural group

During the past several weeks over 40 people have signed the petition to create a Horticultural Society for the Mjnden District. The proposed Society aims to promote horticulture in general and in particular to encourage the beautification of public and private property through the planting of flowers and shrubs, expects to be organized soon.

The Petition for establishing the Society must be approved by the Provincial Ministry of Agriculture and Food. Anyone is eligible to become a member, even if they don't have a "green thumb." Persons interested in supporting this project are asked to contact Mr. Richard Parisotto at the Minden Municipal Offices, 286-1260. The Membership Fee is \$2.00.

Norma Jean Scheffee reaches out to put some homemade buns in a bag for a customer as part of a bake sale held Thursday to raise money for the Haliburton Minor Hockey Association. The Women's Auxiliary of the Association held the sale as the contribution to the program's sponsored by the Association, and baked most of the items themselves.

IF PEOPLE SEEM TO MUMBLE -- ARE HARD TO UNDERSTAND...

Don't always blame them. Even a mild hearing loss can make conversation sound blurred.

The lowest or any Tender not necessarily accepted.

 Ministry of Government Services
Ontario

Unity is usually the result of co-operation not competition. Last week the emphasis in Ottawa was on national unity. Here in Haliburton county we witnessed the results of several months of co-operation by many individuals and groups. Twenty-two scouts and four leaders boarded a school bus early on June 29th and headed for P.E.I. There they will spend 10 days in adventurous scouting activities along with 15,000 other scouts from all parts of Canada and representatives from other countries.

In order for our young people to attend the Canadian Jamboree '77 many persons had to be generous with their time and their money. Throughout this past winter and spring hours were spent in meetings planning for this occasion. Several fund raising events had to take place in order to raise \$6,000. Due to the co-operation of everyone - via parents contributions, individual and group donations, special events, and small Wintario grants - raising the money for the venture was a somewhat pleasant task. To those who in any way contributed their time, talent, and money, the scouts, their leaders, and the members of the group committees of Haliburton and Minden wish to say a big THANK YOU.

When considering co-operation one should not overlook the fact that the adult leaders (Bill Beers, Johnston Bailey, Les Northey and Ted Reid) and the bus driver (Evelyn Brooks) are quite willing to give up a

portion of their holidays in order to make this journey possible. To them, and their families, our sincerest appreciation.

Apart from the rewarding experiences of a National Jamboree, our scouts will have also had the opportunity to know the meaning of co-operation within our county. In preparing for this event the scouts and the leaders of Haliburton and Minden co-operated on a number of occasions. Travelling together and representing Haliburton County in P.E.I. can only contribute towards unity within our county, which in turn is a first step towards National Unity.

Gerry Feltham,
Chairman of Group Comm.,
1st Minden Scouts.

Metric from page 1

the farmers and all those people involved with their own maintenance in this industry? Some of them will have to buy tools as expensive as those for the motor mechanic but the legislation ignores them."

Mr. Marchand answered that he will look into the question.

HIGHLAND ST. HALIBURTON (at Medical Centre)

Richard Biagi (sitting) accepts an award from John Parish, the new president for the Haliburton Kinsmen Club. The award was presented at a banquet held at the Hunter's Horn Lodge, June 28. The meeting was attended by a few guests and the wives of the members.

The Haliburton Kinsmen welcome new executive at dinner meeting

More than 40 persons gathered at the Hunter's Horn Lodge last Tuesday to honor the outgoing executive of the Haliburton Kinsmen and to welcome the new executive.

After dinner speeches were made and awards given then the group of Kin and Kinwives participated in a dance with music provided by a Toronto disc jockey.

Said new president, John Parish, "after one year we are now recognized as a solid club in the community." He attributed this to the club's recent success at the Haliburton Highland Home and Vacation Show, sponsored by the Kinsmen.

The new executive for 1977 is headed by Mr. Parish; Miles Roberts, vice-presi-

dent; Richard Biagi, past president; Steve Lefever, secretary; Pat Kennedy, treasurer; Elmars Sebrins, bulletin editor.

The new directors are Jim Tice, Al Brownson, Dick McLean and Paul Dawson.

At the same meeting the Kinsmen gave their approval for any plans to create a Kinnette Club for Haliburton.

Rotary installs new president

A well spread dinner at the PineStone Inn was the scene of the last Rotary International meeting for the Haliburton club this year.

Dave Gray is the new president with Art Ward as past president. Ken Langdon is the new vice-president. Members of the board are Vince Conaghan, Art Dawson, Dave Bishop and Doug Devolin.

There were more than 30 members in attendance for

the lighthearted meeting with many jests made and numerous awards presented.

Mr. Gray closed his acceptance speech to the club with some sober remarks, however, and encouraged them to greater interest and service on their various committees. He asked that members be willing workers with dedication to club activities, that they give "service above self."

Tenders called for paving part of 121

John Eakins, MPP (Victoria-Haliburton) has been informed by Transportation and Communications Minister, James Snow, that tenders have been called for grading, drainage, granular base and hot mix paving on Highway 35 from 0.1 miles north of the south junction of Highway 121 northerly for 2.9 miles; and grading, drainage, granular base and hot mix paving on Highway 121 from Highway 35 easterly for 0.3 miles.

Tenders will be opened for this project in Ministry headquarters in Downsview, July 27th.

\$2,500 damage in county truck crash

A single vehicle accident, Monday, between 2 and 3 p.m., on Kushog Lake Road, resulted in \$2,500 damage to a Haliburton County truck.

Driver of the truck was Alfred Milburn, 34, of Minden.

The Minden detachment of the Ontario Provincial Police report that charges are pending in the accident.

A motorcycle crash at the intersection of the Cupboard Road and Blairhampton Golf Course Road has sent a West Hill man to hospital with major injuries.

Gary Taylor, 22, of West Hill, is in Ross Memorial Hospital, Lindsay, with a suspected broken shoulder as the result of the crash which took place July 2 at 6:30 p.m.

Brian McCaul, 16, also of West Hill, the owner of the motorcycle, was a passenger on the back of the vehicle and received minor injuries. He was treated at Minden Red Cross Hospital.

McCaul has been charged with failing to wear a helmet

and the OPP report that other charges are pending.

There was \$500 damage to the motorcycle when it went through the intersection and struck a hydro pole.

Terry L. Walters, 17, of West Hill, has been charged with careless driving, having open liquor and public mischief as the result of an accident on Horseshoe Lake Road Number 2 near Highway 35, July 2.

Walters is in Ross Memorial Hospital with nerve damage to his left arm and lacerations to his chest which he claims he received in a boating accident.

A two vehicle accident on Harburn Road, Friday, sent two people to hospital, one seriously injured and a charge of failing to share half of the roadway.

There was \$4,000 damage to a motorcycle driven by Allan B. Clark, 23, of Keswick and \$600 damage to a car driven by Patrick E. Hayes, 42, of Rexdale.

Clark, who received what the police described as major injury, a fractured pelvis, was taken to St. Joseph's Hospital in Peterborough. He was charged in the accident.

A single car accident on Highway 503, resulted in \$2,000 damage to vehicle driven by Robert B. Stephens, 22, of East York.

The Minden detachment of the Ontario Provincial Police report that the vehicle entered the east ditch and rolled over.

Stephens has been charged with careless driving and failing to report a collision. The accident took place early Friday morning.

There was \$3,500 damage and one person was injured in a single vehicle accident on Highway 503, June 29.

John P. Thompson, 17, of Toronto, received minor injuries when the van he was driving rolled end for end in the north ditch of the highway.

Thompson was taken to Minden Hospital with minor injuries.

A single vehicle accident, on Highway 121, south of Minden, June 28, resulted in \$1,599 damage to a van driven by Steven L. Crowe, 16, of Minden. The OPP report that the van rolled over in the east ditch of the road.

Art Ward, past president of the Haliburton Rotary Club, gives his symbol of office to Dave Gray, the new president of the club. The last meeting of this year was

held at the PineStone Inn, where the new executive were installed in an after dinner ceremony.

HHSS honor roll

A number of Haliburton Highland Secondary School students were on the school's honor roll.

In year one the honor roll students were Margo Blair, Leslie Booth, Janet Brohm, Lorna Carnegie, Elizabeth Cooper, Luanne Cowan,

Catherine Debes, Laurie Hartin, John Henderson, Heather Kennedy, Michael Kunkel, Laura Manser, Kelly Martin, Brenda Morrison, Lee Potter, Karen Snell, Shelley Thompson, Miriam Vandewal, Anne-Marie VanLieshout and Michael

Wright.

In year two the honor roll students were Gerri Lee Agnew, Andrew Anderson, Jennifer Anderson, David Arbutnot, Crystal Austen, Marion Berning, Martha Carnochan, Kerry Hodgson, Michael Iles, Jocelyn Kennedy, Nancy Kinsman, Paul Madden, Edward Roberts, David Shapiera, Gregory Taylor and Heather Thompson.

In year three the honor roll students were Wyatt Barnes, Kimberly Brohm, Stephen Bugden, Patricia Bunker, Rod Consack, Alan Cooper, Lou Ann English, Heather Gostlin, Kenneth Griffin, Peter Heuss, Robert Jackson, Beverly Jones, Kathryn Martin, Marina Pearsell, Kimberley Roberts, Michael Scheffee, Linda Sheckleton, Corrine Shepstone, Jennifer Stephenson, Norma Teasdale and Paul White.

In year four the honor roll students were Brent Collier, Lorraine Cowan, Rebecca Davidson, David Everall, Louise Fleming, Brenda Gra-

ham, Kim Greig, Colin Hewitt, Catherine Kinsman, Robert McCrea, Peter McElwain, Kathy McKelvey, Brian Mulholland, Jerry Stephenson, Robert Tallman, Donald Van Nood and Brenda Whitney.

In year five the honor roll students were Cynthia Archer, Lynn Barnhart, Leslie Ann Hammond, Beverly Kimble, Douglas Stephenson, William Tyler and Graeme Wallace.

Two charged with November break-in

Two persons have been charged in connection with a

Break and enter

Robert Roy Fowler, 27, of Donald, has been charged with three counts of break and enter.

Fowler has been charged by the Minden detachment of the Ontario Provincial Police as the result of an investigation into break-ins at three cottages on Koshlong Lake, June 3.

break-in at a Haliburton Village store which took place last November.

Charged in connection with a break-in at Brohm's Variety Store, November 2, 1976, are Robert Roy Fowler, 27, of Donald and Laverne Wooley, 29, of Haliburton.

The two have been charged with break, enter and theft.

The store was entered through a window last November and \$190 worth of cigarettes and watches were taken.

Merchants take 14-11 victory

The Haliburton Ladies Softball Merchants were lead by Bev Hughey to a 14-11 victory over Gooderham, Monday night.

Bev's grand slam homerun in the fourth inning gave the club its margin of victory.

The winning pitcher was Nancy Maughan while Linda Barry was the loser.

Gregory Brohman, 2½ (centre) holds out the winning ticket for a draw held Saturday at Victoria Sports. Danny Depagter won a 10 speed bicycle. Gary Brohman, sports

teacher at H.H.S.S. is shown at left with the owner of Victoria Sports, Bob Johnston, on the right.

There was some cutting to do when DPD Transport Ltd. found that the building they were moving on the back of a float was too high to go underneath a tree on

the street corner. The new building will be a new pizza shop for Haliburton.

Echo editorials

Squash fees might be set too high

For the grand total of only \$250.00 one can join the Highlands Squash Club. For \$8 you can get 40 minutes playing time.

We would guess that the Squash Club, since it is being funded partially through Wintario, should be in the market to get as many people into the fold as possible.

Not everyone can afford \$250 for the first year's membership. Not everyone will be able to afford \$100 membership fees. Certainly it will mean more playing time for the participating people, if there are fewer members. But, isn't the idea of Wintario to get people involved in sports?

We would think that the objective should be to make a large membership for the club, and by doing that, raise the money from a number of people instead of trying to raise the money from a few people.

Perhaps there are not too many people who play squash in Haliburton and we would think there never will be as long as it costs \$250 to join for the first time.

At \$8 for 40 minutes one wouldn't think there will be too many takers on that basis either.

It is no explanation to say that squash clubs in Toronto are charging between \$350 and \$1,500 a year. In Toronto there are many more people trying for the time on the courts.

Engineers right about safety of arenas

Residents of Wilberforce, and other areas for that matter, who have been doubting engineers reports on the safety of arenas, have probably learned a lesson over the past week or so.

The people of Wilberforce found a number of the main support beams in their old arena in bad enough shape that it was a wonder they were holding anything up.

Many times the provincial government and more specifically the Ministry of Labour has been criticized for taking away the playing facilities for youngsters by condemning arenas.

Perhaps that is what happens, but more likely, as was proven with the bad beams at the Wilberforce Arena, what is really happening is that our youngsters are receiving protection.

After a disaster has happened in a building like an arena it is too late then to say something should have been done before.

Readers have chance to voice opinions

The Haliburton County Echo needs your help. We want to provide our readers with every opportunity to express themselves on the various issues in the community.

Not only do we want some expression on the issues, we also want to know what you think is well done in the community and what you think is not so well done.

We offer the readers of The Echo the opportunity to express themselves through our letters to the editor column, which we call As Others See It.

The column is for you, so why not use it.

Haliburton County The Echo

Established in 1882 as the Minden Echo and Haliburton Recorder. An independent weekly newspaper serving Haliburton County for 94 years and published every Wednesday by Algonquin Graphics Ltd. at Highland Street Haliburton, Ontario.

Feir Play

by Creighton Feir

For the past couple of years we have been hearing of high unemployment figures and the bad state that the economy is in. After the past holiday weekend we are beginning to wonder if it isn't all a myth. I was born and raised in Haliburton and have seen many a Dominion Day weekend but nothing to equal the one just past.

Overnight Haliburton turned into what might be called a small city as thousands of people poured into the village on Saturday and at times during the day it looked like rush hour in the city of Toronto. Don't let anyone tell you that there is a shortage of money as people are throwing it around as though it had gone out of style. The streets were just crowded with shoppers and the local merchants had a real hey day. Many of them were so busy that they didn't even get home for a lunch hour. We all sit back and grumble about this and that but let's face it, we've never had it so good.

Our congratulations this week to Dave Gray of the accounting firm of Dawson and Gray as he was installed as the new president of the Rotary Club of Haliburton for the upcoming year. He stepped into the new office at the year end meeting of the Rotary Club held at Pinestone Inn, at Haliburton, last Thursday evening. Dave, who is a very likeable and popular fellow in Haliburton, has worked hard in Rotary and has helped out with many things in the community. We wish him the best of luck in the upcoming Rotary year.

Last Thursday Jim Badgley, news editor of The Echo, and myself, along with our wives, went to Toronto for a day of shopping and our first look at the Toronto Blue Jays. It was quite an experience and especially when we had the opportunity to see the world famous New York Yankees, a team with a great history behind them. We also had the opportunity to see the ace of the Yankees pitching staff, the great Catfish Hunter. It was a thrilling ball game up until the eighth inning when the Yankees broke it up with four home runs.

There is an old saying "take me out to the ball game, take me out with the crowd." Well it's all true so if you ever get the opportunity why not drop down to Toronto and see the Blue Jays in action. You'll never regret it.

The poles have arrived at the tennis courts at Rotary Beach in Haliburton and the new lights are here so it won't be too long before people will be able to play tennis under the lights.

It now seems almost certain that Haliburton will, very fortunately, have a new facility for curling, squash and a drop-in centre for senior citizens. This will undoubtedly be a tremendous asset for our area, made available through generous government funding and the hard work of several local groups, especially the Curling Club

executive. Squash is a relatively new activity in North America but it is already perhaps the fastest growing one. We understand that a Squash Club will be formed and people will be asked to join.

We have to agree that many people in Haliburton and the surrounding area find it hard to get a job even during the summer months. What we can't understand is why so many who could be employed are willing to sit back and draw Unemployment Insurance or Welfare. We also agree that some, due to health reasons, are unable to work, but there are many that can. The point that we are making here is that when they walk in for their Welfare cheques they should be prepared to work for the money. Just look around Haliburton and see what these men could be doing. The sidewalks need to be swept off, paper picked up, grass to be cut at various parks and we could go on and on.

Getting back to the holiday weekend, a lot of things really amazed me. I went to the office to work, at around 8 a.m. on Saturday morning, as I was behind in my work. When lunch time came I decided to walk home as I have been doing for exercise the past few months. This means that I walk from The Echo office to my home at Rotary Beach. Usually on my way home I'm lucky enough to meet two or three people, but on Saturday it was a different story. I could hardly walk down the street for people. Cars were parked all over the place. The parking lot at Emmerson Lumber Ltd. was crowded to capacity. Kennedy Surplus store was a hive of activity and the Flour Shop Bakery was filled to capacity and at least twenty-five people were lined up outside trying to get in. So you can see that all of the business wasn't just centered on the Main Street area.

We were talking to Ron Stackhouse the other day when he and his wife were playing tennis at the tennis courts. Ron, who is a local boy and now playing hockey with the Pittsburgh Penguins of the National Hockey League, had his game interrupted several times while young boys were seeking his autograph. He was telling me that he didn't think that he would be instructing at the Haliburton Hockey Haven this year but that he would be trying to skate as much as possible at the local arena to keep in shape.

Summer 1977 is with us. It's a great time of the year so why not get out as much as you can and enjoy this beautiful playground we have here in the Highlands of Haliburton. When you are out remember that it doesn't cost you a cent to say a friendly hello to the many visitors who will be with us during this time. Let them know that we are glad to have them with us.

Editor's notebook

BY JIM BADGLEY

I have always been a big baseball fan. Back in the days when I was a youngster the team that inspired and thrilled me more than any other was the New York Yankees.

Long before the Montreal Canadiens or the Boston Celtics became the powers in hockey and basketball the New York Yankees were the most feared team in baseball.

Last week I got to see a little bit of that Yankee tradition when Creighton and Helen Feir and Shirley and myself travelled to Toronto to see the Blue Jays in action against the famous New York team.

Being a baseball fan, I realized that the Yankees of today are a different type of ballclub than the team everyone remembers.

The Yankees aren't the homerun power of baseball they once were. Instead, the Yankees look similar to the old Dodger clubs who performed

such things as the hit and run and stole bases in order to squeeze a run home.

But, like most people, I went to the park wanting to see homeruns in only the style the Yankees can hit them. I certainly wasn't disappointed. The Yankees hit homeruns. Not just a few, but five in all including four in one inning.

In the tradition of the old Yankees though, the one homerun I will never forget was an eighth inning blast by Thurmon Munson. Munson you see is one of a long line of power hitting Yankee catchers that include greats like Yogi Berra.

The Munson homerun went better than 400 feet and with two men on base upped the score to 8-1 for New York.

Last Thursday, after waiting most of my life, I finally got to see the New York Yankees play. Thank you Toronto Blue Jays for giving me the opportunity.

As others see it

Red Shield Appeal called a success

We wish to thank everyone for making The Salvation Army Red Shield Appeal a great success. We have exceeded our Campaign Quota of \$3,300.00.

Special thanks to the Campaign Committee; and all the canvassers: Mr. Roy Brohm, Campaign Chairman; Mr. Creighton Feir, Publicity Chairman; Mr. Ken Wilson, Special Names Chairman; Mr. John Schonhoffer, Treasurer.

We wish to thank you all for your generosity and love. May God bless you all.

Capt. & Mrs. D. Burry

Celebrating centenary

Dear Sir:

During 1978, the Town of Windsor, Nova Scotia, settled since 1685 and incorporated in 1878, celebrates its Centenary.

Among your readers may be former residents of this town or descendants of former residents. We would welcome hearing from them or their families, and their connections in Windsor, Nova Scotia.

July 23 - 29, 1978 has been set aside as Old Home Week, the annual Sam Slick celebrations taking place during the last three days of that week. We would welcome visitors to our town, the Gateway to the Annapolis Valley, at any time throughout the year, but particularly during this last week in July.

Whether you come or not, please advise us of your whereabouts.

Yours truly,

(Mrs.) Grace B. Wallace,
Centennial Co-Ordinator,
P.O. Box 158, Windsor, Nova Scotia
BON 2T0.

Board decisions

The Honourable Keith Norton,
Minister,
Ministry of Community & Social Services,
Hepburn Block, Queen's Park,
Toronto, Ontario.

Dear Mr. Minister:

I am writing at the request of our Board of Directors to advise you of some decisions taken at a recent meeting of the Board.

These decisions were as follows:

1. The Society will not provide emergency financial assistance to families already being maintained under the General Welfare Assistance Act or the Family Benefits Act. It appears to us that many of the requests from these families stem from what appears to be inadequate levels of support, particularly with respect to heating costs and rent.
2. We recommend that the Ministry undertake a regular review of the rates of support paid under the General Welfare Assistance Act and the Family Benefits Act.
3. The Society will provide emergency financial assistance to families as an alternative to children coming into our care from their own homes.
4. Emergency financial assistance may be provided by our staff to families with whom they are working as a part of their over-all plan of assistance to the family.

These decisions were taken in response to the increasing number of requests we are receiving for financial assistance for food, rent, fuel and utilities. These increasing requests are undoubtedly related to the very high level of unemployment in this area.

Our capacity to respond to such requests is extremely limited. We are not, as you are aware, an income-maintenance agency. Our estimates for 1977, which are currently being considered by your Ministry, include an amount of \$3,000 for emergency financial assistance to families. It does not go very far and is to be used to provide essentials in an emergency as an alternative to removing children from their homes.

I have been asked to notify your local officials and municipal officials of these decisions and to make them known to the community generally through the media.

Yours sincerely,
George Dove.

Report from Queen's Park

BY MPP JOHN EAKINS

The 31st Ontario Legislature opened on the 27th of June, when the Lieutenant-Governor read a brief, four-page, Speech from the Throne, indicating that there are five key policies which the Government hopes to push through before summer adjournment. These are the Treasurer's Budget, including a controversial 5 cent tax on pop cans; legislation forcing the Essex County Board of Education to build a French-language school; a Bill to create the new Ministry of Northern Affairs; amendments to the Environmental Assessment Act to enable Mr. Justice Patrick Hartt to launch an inquiry into development in the North; legislation to establish province-wide single-trade bargaining in certain sectors of the construction industry. The government also hopes to meet the federal government's deadline for the conversion of speed limit signs to metric measurement and to gain approval for a three year unified family court experiment in Hamilton.

Before the session opened, Liberal Leader Stuart Smith proposed the three provincial leaders form a council to develop a common response to the national unity crisis. "As much as possible, these matters should be raised above party politics," he said "so that our political leaders are seen to speak with one voice for a united Canada." He also proposed the government should consult with the other two parties before introducing legislation to avoid confrontation which might lead to defeat of the government and another election.

The Provincial Treasurer updated his April budget statement for the opening of the special summer session of the legislature required to clear up the backlog of outstanding bills. In the update, it is calculated that the Provincial Treasury had lost \$25 million in estimated revenue, mainly because calling the election had delayed collection of the proposed higher tobacco taxes and a new five cent "environmental tax" on soft drink cans. Both opposition parties are opposed to this latter tax and the Ontario Soft Drink Association has estimated that seventeen hundred jobs would be lost as a result of its imposition.

While defeat of a budgetary tax measure could traditionally be considered a vote of non-confidence and grounds for an election, this is obviously out of the question. The device of a specific confidence motion following a legislative defeat was used about a year ago in connection with the government's defeat on the farm income stabilization plan. Whether this procedure will be used again remains to be seen.

There has, of course, been considerable discussion of the jailing of NDP Member, Ed Ziemba, who refused to tell a judge his source of information leading to charges against Abko Medical Laboratories for allegedly defrauding the Ontario Health Insurance Plan. Early in the week the Attorney General asked the Ontario Court of Appeal to study a series of hypothetical questions concerning an MPP's right not to disclose his sources. The Attorney General was reluctant to draw conclusions

Theatre 5 opens play season

Carden Township, of which Coboconk is the township seat, may soon be carried to fame if the current success of the musical *The Seasons* of Dennis T. Patrick Sears, continues.

The production, described by Canadian Press as "witty, raunchy nostalgia," was the opener for a season of work at H.H.S.S. for the Haliburton School of Fine Arts by Theatre 5.

The *Seasons* is based on the life of Dennis Sears as revealed in the late

author-columnist's work. Born in Vancouver in 1925, his family moved to Alberta in time for the great drought and dustbowl, then continued on to live in Victoria County some 30 miles from Lindsay, just in time for the depression.

It was typical of Sears sardonic writing to note that after having left Vancouver at the age of two, "no committee of that city has got up a petition requesting my return." The review gives the impression that Sears was

an observant man, who felt that life was bitter, but lived through it because he laughed at it constantly, yet held a "black anger within" him for he felt it unjust.

Mr. Sears had held a variety of jobs before dying at the age of 51, last year. He was a policeman, sailor, cow-hand, and sheep-herder, but mostly a writer. His first novel, *The Lark in the Clear Air*, was on the Canadian best-seller list, and a second novel, *Auntie High Over the Barley Mow*, is planned to be

published posthumously this fall.

The work was prepared chiefly by his daughter, Theresa Sears, with help from her husband, David Switzer, both members of the company.

The skits are as frank as the works of Mr. Sears, as it should be if the title is to have meaning. Set to music by the accomplished company musician, Paul Shilton, they deal with sex, ambitions, adventure and the poignant comments Mr. Sears was apt to

write. One scene tells of his time as a policeman observing a young scrawny imp, who scavanged bottles to raise money. The lad was almost run over and Mr. Sears coming on the scene hauled him to the sidewalk "to demand his name and pedigree." He learned the boy was diving for a bottle that might have fetched one cent.

He later came upon the boy standing before a store window filled with toys. A woman of wealth came along with a daughter dressed in fur. As the boy touched the fur, the woman turned and screamed at him.

Cont'd. on page 6

Valerie Robertson and Theresa Sears (left to right) are shown in a scene titled Captain Beecher. Mrs. Robertson plays Beecher, a sickly child from Toronto

with a vivid imagination. Ms. Sears is cast in the role of Dennis Sears, her father, in last Monday's production of *The Seasons* of Dennis T. Patrick Sears.

Minden News

by Jeanne Sears

Recent guests with their aunt, Mrs. Clare Hobden, have been Mr. & Mrs. Wilmot Thomas of Scarborough and Mr. & Mrs. Marvin Thomas of Sturgeon Falls.

Weekend guests with his parents, Mr. & Mrs. Ernie Hewitt, were Mr. & Mrs. Fred Hewitt and Family, of Scarborough.

There were many people from our area spending some time in Stouffville over the weekend as that town celebrated its 100th birthday. Noticed Mr. & Mrs. Archie Stouffer (former residents) busily signing their autographs in the centennial book "Stouffville 1877-1977" an interesting account of that town's history.

The Harold Coulter family

enjoyed a camping weekend at Canisbay in Algonquin Park with those being present Mari, Harold, Trudy, David, The Dale Coulter of Gravenhurst, the Bill Callows of Huntsville and the George Johnsons of Whitney.

Guests with their grandparents, Mr. & Mrs. Bill Moore, were Jeffrey and Eden Moore of Clementsport, N.S.

Sincere sympathy goes to the family and friends of the late Vertle Richard Fry whose funeral was since last week.

Don't forget the Mid-Summer Dinner coming up next at the Minden United Church Hall, July 13th, from 5:30 to 7:00 p.m., with everyone welcome.

Mr. & Mrs. Taylor Hogg, of Kirkland Lake, visited over the weekend with Mrs. Harold Hogg (his mother) and Clayton Harrison (her father) and other relatives and friends.

Mrs. H. Blackfort, of Amherst, N.S., visited last week with her brother Bill Bennett and weekend guests with Bill and Vera were Mr. & Mrs. B.G. McCarthy and family of Oakridge, Mr. & Mrs. Rick Block of Mississauga, and Mr. & Mrs. Ed Collins of Georgetown.

Holiday guests with the Milton Sears included Muriel Ewing, Chris and Scott of Toronto, Sandra Sears of Barrie and Mr. & Mrs. P. Warburton and family.

Frank Leahey plays the fiddle while four of his daughters do step dancing routine as part of the Wilberforce Fiddle Contest held last Saturday. The organizer of the event says plans for next year may include step dancing.

The Seasons

The audience laughed at the comic nature of the lad's returning insult, yet Mr. Sears had only set them up for his final cutting observation. For the poor imp stood on the street corner to scream several times, "I've got Christmas too." And the wind took his cry and carried it above the city, past the

church spires that some say point to heaven, wrote Mr. Sears.

But the review is not all grim and thought provoking, being well mixed with the humorous anecdotes of Mr. Sears younger days, notably his account of high seas, piracy on a small river, with only cow dung for

defence against an irate farmer. And the teachings of Captain Beecher followed by heroic action against an annoyed bull.

Undoubtedly, much of the entertainment will be increased in value for local residents who are familiar with the names mentioned in this and other hearty tales. If the show was missed there will be a chance to see it before the season is through as it is planned to be repeated.

from page 5

122 general occurrences in week

The Minden detachment of the Ontario Provincial Police investigated a total of 122 general occurrences and 21 motor vehicle collisions during the week of June 27 to July 3.

There were seven break-ins reported, five compassionate messages delivered, eight persons charged with Liquor Licence Act violations, three persons charged with impaired driving and three persons charged under the Narcotic Control Act.

In hospital

In the hospital this week are Mrs. Maria Birszyk, Mr. Jack Phipps, Mrs. Esther Rowbotham, Mrs. Hazel Henwood, Mrs. Rosealean Haywood and baby boy and Mrs. Carolyn Bishop and baby girl.

Queen's Park

about what the court might decide, or what action the Crown might take; and informed the legislature that he did not wish to appear to interfere with a court case, saying the final determination will be the judge's decision.

Legal rights enjoyed by Ontario MPP's are the same as those accorded Members of Parliament in Britain, in Ottawa and the other provinces, and in other countries which have adopted the British parliamentary system. The most important is, perhaps, immunity from being sued for libel for anything an MPP says in the legislature or a legislative committee. Roderick Lewis, Clerk of the Legislature since 1955 and a lawyer, has stated that he knows of no jurisdiction where members have won the right to refuse to tell a court the source of confidential information.

See you next week.

Screen shot:

The illness you'll never see coming. Get in shape — and don't give the enemy a big target.

Fitness is fun. Try some.

Glenn Warburton, 16, (right) was the first place winner in the children's category of the Wilberforce Fiddle Contest. For his efforts he received \$35. Here he is shown warming up for his appearance on stage.

First fiddlers contest held in Wilberforce

It was a record turnout for the Wilberforce Community Centre last weekend and just because 22 persons came to fiddle. But this was not idle fiddling, rather it was real, downhome, toe-tapping, violin-stroking fiddling.

And that's what the more

than 650 persons with standing room only were at the Watson Memorial Centre to enjoy.

The record crowd was unexpected said Legionnaire, Walter Klapow, chairman of the organizing committee, but the number of fiddlers

that applied for entry in the contest was also greater than they had expected, or wanted.

Said Mr. Klapow, the Legionnaires just hadn't allowed enough time for such a turnout of fiddle players. He reported that some fiddlers came to the event, but when they found out about the Legionnaires' predicament they did not enter the contest.

In the adult class there were 18 contestants and there were four in the children's class. The show went almost an hour overtime as the planning committee had expected at the most to have only 15 entrants.

"This being the first time we were worried about getting enough entries, but now that we know there's no problem we are really going to expand it," said Mr. Klapow.

"Next year we're hoping to carry this on as an annual event, and, of course, it'll be in the new arena," he said. He predicted that next year the fiddle contest will start early in the day and may include step dancing contests.

Step dancing was one part of the show that the crowd cheered loudly for. Four daughters of Frank Leahy, leader of the Frank Leahy Dance Band, playing for the gala dance later, did some dancing, separately and together.

In this line of entertainment was a demonstration of the agility of Carl Devin, 80, of Kingston House, Pickering, Ont. Mr. Devin was one of the contestants in the fiddle contest. When he had finished his required waltz, reel and jig he was asked by moderator, Ray McNeilly, of Bobcaygeon, to do a few steps.

The crowd cheered and applauded as Mr. Devin demonstrated that he has skill in the art and that age is no hindrance. Art (Jake) Mather, president of Legion 624, age 58, also joined in the spirit of the event by doing some step dancing as well.

Cont'd. on page 8

Lennie McGuire, Lakefield was one of the popular acts at the Wilberforce Fiddle Contest held last Saturday. The audience responded to some of the songs with cheers and much clapping. She was backed up musically by the Frank Leahy Band.

Squash courts for area

The game of squash is now the fastest growing racket sport in North America. In Australia (traditionally a tennis country) squash has overtaken tennis as the most popular racket sport. It has become the game of the 1970's. In Toronto alone, during the last four years, the number of players has increased from 3,000 to 40,000! Squash as a game, combines the intensity of hockey with the skill of fencing and the strategy of chess. It never rains in a squash court and you don't have to climb any fences to get your ball. And yet above all it is a "game" and can be played for lots of enjoyment, at any age, and at any time of the year.

We in the Haliburton Highlands are fortunate to be given the opportunity - with the help of generous Wintario funding, to have our own squash club facility. The organized and committed newly formed Highlands Squash Club members are determined that this facility will be built as part of the Haliburton Curling Club complex. But, to ensure the success of this venture we must get involved and where possible join the Squash Club early (or make a contribution) to raise the initial working capital to build the courts. If we don't support this now, I sincerely doubt if the opportunity will be there later.

News from Extendicare

BY DR. O.W. ANDERSON

Sunday afternoon Capt. Burry introduced us to a group of Salvation Army evangelists from the Salvation Army College in Toronto, led by Lieut. Cummings. A sub group Cadet and Mrs. Robinson, and Cadet and Mrs. Milne, played a coronet, an alto coronet, a horn, and a trombone in enjoyable harmony. Voice soloists treated us to their gospel songs. They are to be in the Haliburton area from June 26 to July 1. They were really entertaining. The harmony mentioned may be exemplified by you sometime on Global TV's "Caught in the Act" "Canadian Brass" and may mean for you an hour of harmony enjoyment.

Another resident, Mrs. Pauline Otto, joined us Tuesday. No doubt she will be a very welcome addition.

Andrea J. Ferrier, our New Horizons field representative, paid us a visit Tuesday evening in the matter of our spending their money. She was not too critical of our past expenditures, but advised more caution in our future spending.

Jake Gill has our sympathy when we learned of the death of his brother, Melford, a native of Lindsay.

We salute Mrs. Bernice Stewart, one of our senior cooks, who has made a most remarkable quilt and put it on display in the lounge. Hanging with the top north, and at the corners, the N.W. are two maple leaves side by side, the N.E. the centennial symbol, the S.W. the Montreal Expo symbol, the S.E. Canada's flag under which is printed "Bernice Stewart". All of these have been worked on a white surface. These foot square corners are joined by bands of color, from outside in, red, green, yellow, and blue, four inches wide, making an ingenious color combination. The large, rectangular centre is white on which is worked the 12 coats of arms and symbols of the provinces and territories. This quilt is so unique that we think it rates a copyright. Besides, this treasure the whole interior of the building is decorated by Canada's national flags.

Canada's unemployment program is at once deplorable and a mystery. It is made up of many varied groups. Coupled with this is the chronic farm labor shortage which becomes critical at the various harvests. To meet the chronic shortages requires a rather specialized type of laborer of which apparently there are not enough. To meet the critical shortages now requires the importation of off-shore labor despite which the unemployment statistics remain. The statistics do not specify but are made up of employment dodgers, unemployment insurance specialists, the too choosies, the misfits and many, many others. All in all this group provides the statistician with a magnificent cross-section of Canadian human nature. It is conceivable that the people comprising the Government of Canada and appendages would provide a similar number and cross-section.

Friday morning was our usual devotion period, with Rev. Don Nicholson our spiritual leader. The theme was the temptation of Christ by the devil, that the depressions of living are finally overcome.

Here it tends to be quiet, especially over the weekends when the administrative staff are at their homes. In those circumstances the possibilities for mischief among us are considerable, but nothing seems to happen. If the weather was more permissible we could play at shuffleboard outside.

Canada seemed to enjoy herself on Friday in the grand celebration, at least from what we could judge from our TV. It is marvellous that there is such a remarkable lot of talent and so varied. It would be very hard to know to which person or group the first prize should go because all of it was so spectacular.

About five weeks ago two fellows left four potted dormant rose bushes in our front lobby without being identified by name. We assumed they were staff ordered. Two weeks passed without these showing the familiar signs of life, and at this time we were assured they were not staff but were left to the happy gänge, leaving us to wonder whom to thank. We planted them with usual care and soon life seemed to spring from these bushes and now they are full of foliage. In this state one of them was somehow almost completely denuded either by insects or animals. We immediately sprayed them and no further harm has occurred. All are now set to bloom, even the injured one. Whoever left these would oblige us by dropping by or sending a note so that we will know to whom we owe these lovely roses.

Save electricity, save money.

There are two ways saving electricity can save money.

First, the obvious one. The less you use, the less you have to pay for. And today, electricity is simply too valuable to waste.

Second, something not so obvious. Ontario uses more and more power every year. This means an ever increasing investment in plant and equipment... and their cost is rising rapidly. The cost of fuels is also increasing rapidly. These costs inevitably show up in the price you pay for electricity.

You can help to slow down the growing demand by using electricity wisely. Don't waste it.

Conserve energy.
The future depends on it.

Squash

from page 6
tunity will arise again to have such a beautiful facility for the lowest possible cost, to enjoy the cadillac of all racket sports in our area.

The basic facility will include two single squash courts, shower, washroom, locker facilities, and a viewing lounge area - additional facilities, such as sauna, etc. could be added at a future date.

To join the squash club the fee structure decided upon by the founding members, who drew on advice from many people and areas involved in squash, will be - An initiation fee (paid once only) of \$100.00 for the first 30 members joining, (after this number have joined this fee will be increased to a minimum of \$150.00). In addition, annual dues of \$100.00 will be collected when the courts are completed. Other family members in the same household, who wish to play, will pay annual dues of 1st at \$50.00, 2nd, 3rd, etc. \$25.00 up to a family maximum of \$200.00. Various options will be available for Life Membership for a limited number of people and details regarding this or any other matter can be obtained by phoning one of the numbers listed later. Non-resident rates also available on a monthly basis on request. Public playing times will also be available for non-members at approximately \$8.00 per 40 minute time period. But, to raise the money now to start the project it is committed members that are needed. It should be realized that the membership rates are extremely low for a facility of this kind - to give an example the costs of playing in Toronto vary from approximately \$350.00 to \$1500.00 annually!

Mail cheques or correspondence to The Highlands Squash Club, Box 594, Haliburton, Ontario.

RENTAL GM LEASING

VERY LITTLE DOWN WHEN YOU LEASE A NEW CAR FROM US

That's because your deposit on a new lease car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.

Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.

There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss the lease plan... and that new Chevrolet... that fit your needs.

And your pocketbook.

CURRY MOTORS LIMITED

TEL 457-2100

Haliburton, Ontario

From the Chamber

BY BOB STINSON

This past long weekend brought the tourists back to Haliburton in abundance. Business throughout the County last week was relatively quiet considering school was out pretty well throughout the province, and most establishments have experienced a decrease this year in advanced bookings. We were starting to get just a little bit nervous about these trends, but this weekend has certainly been encouraging and it would appear that although there is certainly a reluctance this year, by tourists, to book in advance, they will still be visiting us in even greater numbers.

The Chamber held a Directors' Meeting last week and were pleased to have in attendance George Coling, Manager of the Central Ontario Travel Association, who brought the Directors up to date on some of their activities in Peterborough. Mr. Coling was very pleased with the response on COTA's latest newspaper promotions. 208 direct inquiries had been received at their office, and of these 60 per cent were specifically for the Haliburton area. This is quite gratifying when you realize that COTA represents 5 tourist regions. This type of inquiry was previously forwarded to our office to be dealt with, but in order to give the fastest possible

response to the person inquiring, arrangements were made to have the COTA office respond directly with our Haliburton brochures. We are therefore no longer receiving an inquiry list from COTA, but are assured that the folks are getting all the information they require on our area.

Another guest at our Directors' Meeting was Mr. Bob Keeting, from Canada Manpower. Bob was with us to explain a new program designed to help young people who have recently left school to get on the job training. The job exploration program will provide subsidies of up to 50 per cent of this employee's wages for the first nine weeks while training. This program starts this fall but it is understood that employers may make use of it at any time of year.

We note that the Bell Telephone has announced there will be no new directories for this area until approximately November. The Chamber still has a large supply of the directories that we published last year for the Haliburton, Bancroft, Cardiff, and Dorset areas. These books are available at stores throughout the county, at only \$1.00, and are not only a very handy item but an investment in your Chamber of Commerce.

George Hardy phoned in to remind us that the Haliburton Highlands Pioneer Museum is now open for the season, daily from 1 p.m. to 5 p.m. The Museum is located in Haliburton Village adjacent to Rotary Beach and houses a great deal of memorabilia depicting the historical development of our region. While checking out Museums we must not forget the Kanawa International Museum of Canoes up at Camp Kandalore on Highway 35 near Dorset.

This week's 'Tip of the Hat' goes to Austin's Esso Service Station at Highway 35 and 121. Jack and Bill Austin this week announced that the business had been sold and we heartily welcome Doug Lennie, the new owner, to our business community. Austin's Esso for many years has welcomed tourists to our area with extremely fast, friendly and efficient service. Located as it is this centre is often the first contact that the tourists have with anyone in our area, and it has been reassuring to see how well the public have always been treated here. Doug Lennie intends certainly to carry on this tradition and we are proud to have him as a member of the Haliburton Highlands Chamber of Commerce.

Theatre 5 began this week at Haliburton Highlands Secondary School, and continues for the next 5 weeks on Monday evenings at 8:30 and is sponsored by the Haliburton Guild of Fine Arts. Advanced tickets in groups of four are available at reduced prices at many locations throughout the county including the Chamber office.

ACCOUNTANT
I have successfully completed the FULL FIVE LEVEL CGA PROGRAM consisting of the following:

1. Accounting, Law, Business Communications.
2. Financial Accounting, Mathematics of Finance, Managerial Statistics.
3. Cost Accounting, Economics, Information and Computer Systems.
4. Advanced Accounting, Auditing, Taxation.
5. OPTION MAJORS: Financial Accounting/Controllershship/Taxation/Auditing.

This one is the best

The letters CGA after your name tell the story. Employers know that they identify an individual with sound knowledge, ability, drive and initiative. After all, The Certified General Accountants program is one of the toughest and most demanding of its kind.

Graduate CGAs are self-reliant, determined people with the ability to concentrate on a problem and take it through to solution. This ability is a direct result of the CGA program which allows you to learn while still earning a living in related employment.

CGA develops people who can be relied upon to work without the need of constant supervision. These are the people in demand for management teams. These are the people in line for top-level financial and accounting positions.

But competition for the best jobs is fierce; your resume has to come out on top.

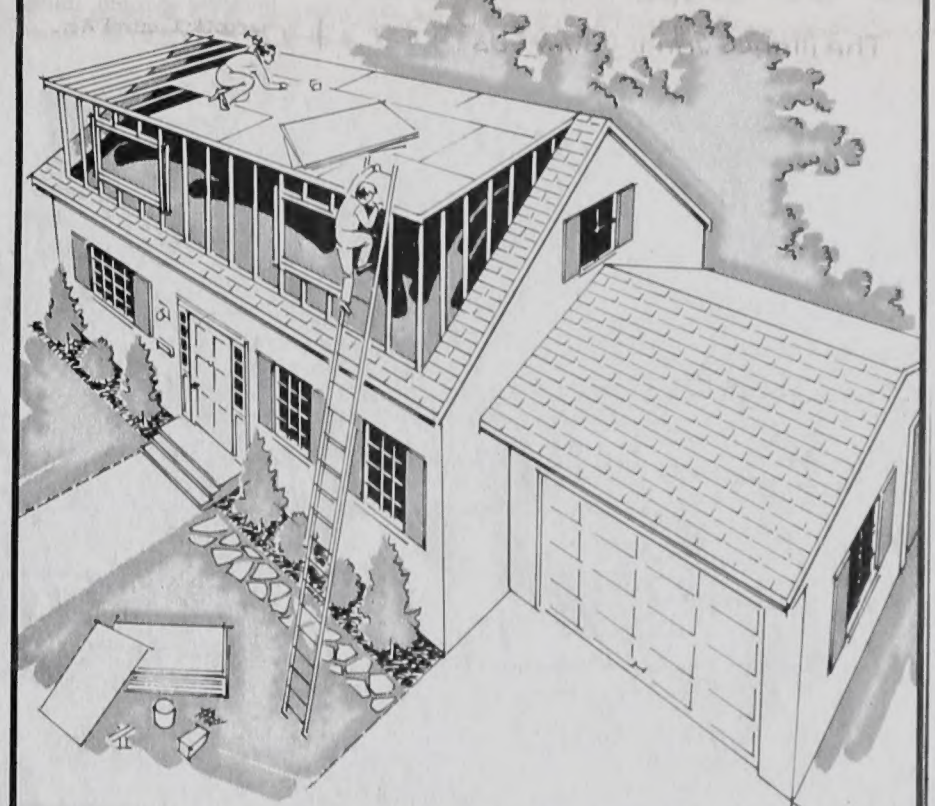

If you are ambitious; if you want to realize your full potential; if you want to gain freedom of career choice, then contact The Certified General Accountants Association. Applications now being accepted for summer or fall course entry.

Kinsmen News

A very successful installation night was held at the Hunter's Horn Inn, last Thursday, June 28, 1977.

The Kinsmen Club at this time would like to thank Bright for his excellent job as disc jockey and Mr. & Mrs. Bill Paul for the excellent night.

The new executive for the upcoming Kinsmen year is as follows: President, John Parish; Vice-President, Miles Roberts; Secretary, Steve Leliever; Treasurer, Pat Kennedy; Registrar, Ian Douglas; Bulletin Editor, Elmars Sebrins; Directors, Jim Tice, Al Bronson, Paul Dawson, Dick McLean.

Special guests at this meeting included Reeve, Murray Fearrey of Haliburton, Deputy-Governor, Don Crowe, Lewis Stevens, Tom Prentice, Larry McKnight, all of the Minden Kinsmen Club and Roly Letourneau of the Haliburton Rotary Club. Chairman Murray Stephenson reports good progress is being made on the Harburn Wells project. Two new wells have been found, resulting from work already underway. A total of five students are now working on the project.

The next meeting of the Kinsmen Club will be on September 6, 1977 at the Royal Canadian Legion.

Mary Robertson had tomatoes before the end of June this year. Mrs. Robertson told The Echo that this is the earliest she has ever had tomatoes. She pointed out that she planted them the first week of March. At that time there was still some snow on the ground.

Last week The Echo incorrectly printed a picture. The picture above should have gone with this caption. Patricia Burk, one of the 15 women to pass the Health Care Aide Course at Hyland Crest and Extencicare presents Carolyn Jackson, RN, with a gift. Mrs. Jackson was the teacher for the course which was sponsored by Sir Sandford Fleming College.

Fiddle

from page 6

He too received applause loud and long from the crowd. Later on in the show he again came on stage to join one of the Leahy girls in her step dancing.

Just before Mr. McNeilly had asked the audience if everyone was enjoying themselves. The response was cheers and hands raised over heads clapping. A similar response was given the two appearances of Lennie McGuire who sang several songs for the group.

The audience's enjoyment did not seem to depend on their age as it was composed of young and old in fairly equal proportions. And, they just kept on coming in, reported Mr. Klapow. He noted that they were forced to lock the doors at 11 p.m.

The estimated profit to be given to the arena fund from the "successful" event is about \$1,300, said Mr. Klapow. He explained that the cost of the legionnaires for putting on the show was approximately \$1,000.

The chicken barbecue held in the afternoon had only three or four pieces of chicken left over and the beer garden used about 25 cases.

The group, who helped make the event a success, included 12 legionnaires, with Wally Marks and Paddy Walsh, committee members. The planning of the event began three months ago at the request of the recreation committee, said Mr. Klapow.

There were six persons who got more than enjoyment from the fiddle contest. They were the winners. Glenn Warburton, Lindsay, 16, won \$35 for first place in the children's category, followed by Donnell Leahy, 9, Lakefield, winning \$25 and his sister was third. Siobheann, 10, won \$15.

In the adult class Ted Sinoski, Willowdale, won \$75 and Michael LeMoire, 16, Duro, who was too late to enter the younger class, won second place for \$50. Third place went to Lionel Gervais, Lindsay.

The judges for the event were Mr. & Mrs. Bill Batten. Sitting between the two, as referee to ensure that notes could not be compared and to tally scores, was Mr. Klapow.

VIVE LE CANADA!

This and That

BY JENNIFER WOODS

Last week I discussed foods which provide extra energy. I would like to continue with two more...

BLACKSTRAP MOLASSES

This food is a rich source of minerals and has felt its popularity rise and fall throughout the years. Molasses comes from the sap of the sugar cane after it has been boiled. The first extraction gives us the beginnings of white refined sugar. The second extraction produces a light sort of molasses and the third is the rich blackstrap molasses. It contains a great deal of calcium and iron and is a perfect sweetener for growing children's desserts.

SPROUTS

Most seeds and beans are nutritionally rich and when they are sprouted they are much more so. Did you know that a sprouted seed increases its vitamin content approximately 440 per cent - from a dry seed comes a crunchy and delicious vegetable. They can be added to casseroles, sandwiches, salads and soups. Apart from the benefits of eating them, the growing of sprouts provide a great botanical lesson for your children. They can enjoy the satisfaction of growing their own food. In winter especially, the sprouts provide a steady supply of salad "greens". It is best to buy your seeds from a health food store as the commercially grown seeds usually have been chemically sprayed. Alfalfa, soya and mung beans are three of the most popular. Soak them overnight and drain off the water in the morning. Give this enriched water to your plants. Recycle it. Rinse seeds and beans thoroughly every day and drain off surplus water. I place my sprouts on a damp paper towel and they are usually ready in three to five days. Some sprouts are more successful than others but do persist. They are worth it. Children love them because they are crisp and naturally sweet.

CHOW MEIN

1/2 CUPS COOKED PORK (or beef)
1/2 cup diced celery
1/2 cup diced green onions
1 cup sliced mushrooms
1 green pepper sliced thinly
1 cup bean sprouts
2 tbsp. corn oil

Stir fry the onion and celery for 3 minutes in the oil. Then add mushrooms, pork, pepper and bean sprouts. Continue to stir, frying for 2 to 3 minutes. Then add 1 cup strong stock (or diluted soy sauce). The dish may be thickened with 2 tsp. of cornstarch. Serve at once.

Haliburton Highlights

BY CREIGHTON FEIR

When it comes to holding activities you have to hand it to the people of Wilberforce. Over the weekend they were the only village in the county to celebrate Canada Day. They did it with a spectacular Fireworks Display and Teen Dance on Friday and on Saturday they held an outdoor chicken barbecue, entertainment and refreshments, along with a Fiddle Contest and a Gala Dance in the evening with music supplied by Frank Leahy and his "Old Time Dance Band." All proceeds went to the Monmouth Arena Fund.

Many new business places have opened up this summer and let's hope that many of them will be able to stay open all year round. We can't see how they can make a living out of three months of the year.

Highly qualified welfare specialist, Barbara Pierce, was a recent speaker at the regular weekly meeting of the Rotary Club of Haliburton. The reality of the situation being that one third of our revenue is spent on the welfare system.

Mr. & Mrs. Ross Smyth, Heather and Ian, of Burlington, spent the holiday weekend with Mr. & Mrs. Russ Dart.

Sometimes we wonder if here in the Highlands of Haliburton we are not turning to a group of pessimists. Everyone was wondering a month ago if possibly we could be in for a bad summer with the state of the economy, unemployment and the high price of gasoline. We were all wondering what the summer would bring. If the past weekend is any indication, then we have nothing to worry about.

The Rotary Club of Haliburton are going to help out the people of Cobalt following their recent disaster. The club has agreed to support the suggestions and financial commitment of the District Governor for the Cobalt Relief Fund.

The Kinsmen Club of Haliburton held their year end meeting at Hunters Horn last Tuesday evening when they installed their new executive for the upcoming year. The Kinsmen will not be having any meetings during July and August. The successful Vacation and Home Show held recently at the Haliburton Arena proved to one and all that the local Kinsmen Club are going to be a big power in the community that will get a lot of things done.

Heed weather warnings before going out in your small craft. Being weather-wise protects you and prevents others from risking their lives to rescue you. This is a Red Cross summer safety tip.

We understand that the tenders have been let for the second phase of the Sanitary Sewer System for Haliburton. Let's hope that whatever company gets the contract that they will get right at and get the job done. People in town are waiting for these sewers so let's quit dragging our feet.

Congratulations this week to John Eakins, MPP for Victoria-Haliburton, who has been appointed opposition critic for Industry and Tourism. Along with the appointment Mr. Eakins will be sitting in the front bench for the Liberal opposition party.

COUNTY ECHO FAMILY

Maple Lake News

by Ada Gibbs

Starting July 4, and continuing through until Sept. 3, Stanhope Library hours change for the summer. Open hours will be as follows: Monday through Friday 7-9 p.m. Thursdays 10-12 a.m. Then, starting July 14, there will be a story hour each week from 11-12 a.m., for pre-schoolers and up. Let's make this a success. We understand there's to be a movie night, as last year, as soon as it can be arranged.

Guests for the holiday weekend with Mr. & Mrs. John Dyer were their daughter, Mrs. Dorothy Pascoe, and son Gary; Mr. & Mrs. Arnot Watten, also Mr. & Mrs. Brian Pascoe.

Mr. & Mrs. Jack Kyte, and Gregory, are having their vacation at their panabode cottage. Holidays aren't all fun as the Kytes are as busy as bees making necessary improvements around their cottage. Fortunately, the Louis Kytes came for the weekend to give a hand in the work.

We know the St. Peter's turkey suppers, held at Thanksgiving each year, are very popular - but this year we already have had an inquiry as to whether we intend serving it again in '77. Maybe the Dominion Day weekend holiday weather brought on a feeling of Autumn well in advance. Time and circumstances will tell what may happen in October. Keep your fingers crossed.

The Fred Prentices enjoyed one of their campout weekends recently at Prescott where they were joined by their granddaughter, Carolyn and husband Ken Boyle of Ottawa. On the return trip the Prentices stopped over at Bloomfield and had a short visit with Fred's brother Clifford and family who are on vacation in Ontario from Victoria, B.C.

The sympathy of the entire community is extended to the Fry families in the death of a loved one, Vertle, who has been very ill for a long period of time. For Vertle's wife, Lillian, and her family especially, may our prayers made to a loving Father in Heaven help to comfort them at this time and give them

courage to carry on with God's help, in the days ahead.

Miss Florence Acheson of Toronto is spending a few days with her friend Ada Gibbs who plans to go with Florence to the city Tuesday for a weeks visit.

Driving at night it was good

to see the Stuckless cottage (Sunter) with lighted windows and know they are enjoying a busy weekend in our midst.

The work of painting the exterior of St. Peter's church is progressing very slowly, perhaps due to poor weather. What work has been done certainly adds to the appearance of the church.

ance of the church.

Stanhope Township Recreation Committee is holding a 50-50 draw to raise funds to assist them in developing the new recreation park. Stanhope Recreation Park will be located in the area behind the fire hall on North Shore Road. The ball diamond is now in use, but a great deal of work

remains to be done to make it a satisfactory playing area. Later work will see an outdoor skating rink begun for use, hopefully this coming winter. The future plans call for a children's playground, horse shoe courts, tennis courts and bowling greens.

The committee hopes that the public response to their fund-raising efforts will en-

Picnic Lunches

In summer, many people enjoy packing a picnic basket for a day in the open air. The day's fun can be ruined by stomach upsets caused by foods spoiling because of the heat.

Although mayonnaise is often blamed, it is not the cause of such illnesses. Commercial mayonnaise or other salad dressings are too acidic to cause bacterial growth even after being unrefrigerated for several hours. The problem is the fish, meat, poultry or egg used in the filling. These spoil quickly in warm temperatures. A styrofoam or other cooler, filled with an ice pack or bag of ice will keep these perishables safe for the day.

When this is not available, why not try sandwiches made with cheese, parmesan with lettuce or a dill pickle? There is always a wide variety of choices.

Try lots of fresh vegetables and fruits. It's sure to keep everyone happy.

Bill Smiley
**It's tough on
 old turkeys**

In l'affaire Trudeau, my
 sympathies are all with our
 Prime Minister, whatever I
 may think of him politically.
 It's tough on an old turkey
 to hang on to a beautiful
 chick. I know. I've been try-
 ing to do it for years.

My wife is beautiful. And
 I'm not saying that proudly,
 or because I'm trying to but-
 ter her up. I'm saying it as a
 fact. And I'm sure everyone
 who knows her will agree.

I am not tall, dark and
 handsome. I am short, white
 and rather ugly. Or, as we
 ugly people say, my face has
 a lot of character.

So, as you may imagine,
 I've had a lot of trouble
 hanging on to her. Not that
 she's a philanthropist, extend-
 ing charity to any male who
 comes along. Nor is she a
 pilatelist, flirting freely in
 order to stamp on my ego.
 She isn't even a philadnerer
 (the word I was looking for
 in the first place.)

No, there's little chance of
 her running off with another
 man. She knows the penny
 how much insurance and
 pension I represent. She's not
 going to throw that away for
 anybody less than Robert
 Redford, and we don't see
 too much of him in the crowd
 we hang around with.

And still I have trouble
 hanging on to her. It's not in
 the marital department. It's
 in the arms department.

I have trouble hanging on
 to her arms, when she's go-
 ing to hit me, or tear out
 some of my scanty locks, or
 clobber me with a telephone
 or something.

When we were first mar-
 ried, I didn't have so much
 trouble. I was stronger than
 she, and I could hang on to
 both her wrists, put my head
 down to avoid a butt on the
 nose, and raise one knee in
 front of me to ward off a
 kick in the groin.

But years of sedentary and
 licentious living have made
 me a shadow of my former
 self, and she, like most
 women, has got steadily
 stronger. Look around, and
 you'll agree that most
 women of a certain age could
 take their husbands, in one
 round, with one arm tied
 behind.

To add injury to insult, she
 has been doing yoga exercises
 of late, and has developed
 muscles neither of us ever
 knew existed.

She is a long-suffering
 woman, no doubt about it.
 How would you like to be
 married to me for 30 years?
 But you can be long suffering
 and have a short fuse, one of
 life's little dichotomies. She
 has a fuse about three-
 quarters of an inch in length.

Take last night, for exam-
 ple. She had dinner all ready
 but not cooked. Vegetables
 in the pot, ready to turn on.
 Chicken livers in the pan,
 salted, peppered, floured,
 and ready for a quick fry in
 butter. French fries all ready
 to dunk in the boiling oil.

We sat down in the living
 room for one of those in-
 timate pre-dinner chats that
 are just as much a part of
 marriage as post-coital
 depression, whatever that is.
 I read it in a book.

She recently lost her clean-
 ing lady, and that, coupled
 with a visit from the grand-
 boys, had put the house
 cleaning 10 light years behind
 schedule, if you believed it
 all.

I listened with my usual in-
 terest and sympathy, occa-
 sionally interrupting to read
 her fascinating bits from the
 newspaper I was reading.

Finally, I got the drift.
 "Sweetie! You're exhausted.
 Let me get the dinner."
 Over-riding her protests, I
 strode into the kitchen, call-
 ing over my shoulder: "Just
 relax. You know I can handle
 everything."

I kept up a cheery banter
 from the kitchen. "Is that all
 the vegetables we're going to
 have? Migawd, there's
 enough chicken liver here to
 feed a threshing gang."

Not a sound from inside. I
 thought she was lying back,
 maybe reading the women's
 page.

Turned on the cooking oil.
 On high. Got the veg. boiling
 happily. Put the chicken
 livers on high for that first
 golden searing. Took a small
 libation from the cupboard,
 to keep my head clear.

Magnificent sound of
 cooking. Veg. bubbling.
 Livers sizzling. Made a fast
 salad and another drop took,
 to keep my other head clear.

Dumped the french fries in
 the pot of hot cooking oil.
 Clouds of smoke, spatters of
 grease on walls and self.
 Seems you're supposed to
 put them in a wire basket or

Wetter weather this week
 has meant that reduced
 outflows of Reservoir water
 have been required to operate
 the canal system. Kawartha
 Lakes levels have been
 boosted by rainfall so that
 near minimum flows can be
 run from lakes in Haliburton.
 This is a benefit for controlled
 lakes with Trent-Severn Wa-
 terway Dams, but it will mean
 lower levels for cottagers on
 lakes such as: Shadow,
 Silver, Maple, Beech, etc.,
 and some river channels.
 When dry conditions exist on
 the Kawarthas, more water
 has to be drawn and the
 Reservoirs in general experi-
 ence a lowering while areas
 like Shadow Lake have good
 water levels because the
 greater flow makes those
 lakes higher as it passes
 through. It seems that
 everyone can't be pleased
 with optimum levels at the
 same time.

The storage remaining in
 the Reservoirs totalled about
 68 per cent of maximum on

something.
 Screams of rage, anguish
 and bad temper. Pot of fries
 torn from my grasp and car-
 ried to backyard as billows of
 smoke polluted neighbor-
 hood.

Recriminations:
 "Stupid idiot!!!"
 "Why don't you get the
 dam' dinner yourself?"
 "Cretin. Imbecile. Jerk."
 "Howuzidano?"

Feelings, as they put it,
 were running high. But what
 really made the fit hit the
 shan was that, while she was
 running around declaiming
 to the entire neighborhood
 that I'd ruined the wallpaper
 and the new paint, I calmly,
 like a reasonable man,
 retrieved the pot full of crisp,
 black fries, loaded a plate
 with them and chicken liver,
 and began eating my dinner
 in a dignified fashion.

This was when I was
 unable to hang on to her. She
 seized the plate of greasy
 liver and doubly greasy
 chips, and flung them on the
 floor. She tried to fling me
 after them, but her hand slip-
 ped on my greasy shirt, flew
 back and gave herself a belt
 on the lip.

Today everything is back
 to normal. She has a fat lip,
 but she's got her kitchen
 floor washed, a task she
 wasn't looking forward to.
 No girls, I didn't do it.

And that's why my sym-
 pathies are with Mr.
 Trudeau. It's hard for an old
 turkey to hang on to a
 beautiful chick. Especially if
 she's going yoga.

©The Argyle Syndicate Ltd.

**Wetter weather
 reduces outflows**

Monday, June 27, only about
 2 per cent less than last week.
 Otonabee River flow is still
 being held to minimum.

Traffic on the Waterway
 for the May long weekend
 was up substantially this year
 over the three day weekend.
 There were 3,902 boat
 movements, compared to 713
 for the same three day
 weekend in 1976.

It took 2,123 lockages to
 accommodate the 3,902 ves-
 sel movements and again,
 this was much higher than
 last year. It would appear
 that the warm, sunny weather
 had something to do with this
 increase in traffic.

As previously mentioned,
 lake and river levels in some
 parts of the Reservoir are
 lower than is usual for this
 time of the year due to the dry
 weather. In view of this,
 boaters and waterskiers
 should show extreme care
 when navigating or skiing.
 Rocks and shallow areas may
 not have as much water
 covering them as usual.

**CNIB director
 examines laws**

A closer examination of
 legislation and its impact on
 blind individuals, and better
 accessibility to existing com-
 munity resources are two of
 the concerns expressed by
 Mr. Robert L. Storey, recent-
 ly appointed Director, Ontar-
 io Division, Canadian
 National Institute for the
 Blind. He succeeds Mr.
 Joseph E. Caruk who has
 assumed the position of
 Director, CNIB Public Rela-
 tions and Information Ser-
 vices.

A graduate of McMaster
 University in political econ-
 omics, Mr. Storey began his
 career with CNIB in 1949. In
 1953 he became Director of
 the Newfoundland Division,
 and remained in that capacity
 until 1966, when he moved to
 Manitoba to become Divi-
 sional Director in that pro-
 vince. He held that post until
 May of this year.

"Legislation as it now
 stands may be discriminatory
 to blind persons," reports Mr.
 Storey.

"We hope to take a closer
 look at the existing laws and
 provide more input toward
 any further amendments or
 changes which may occur."

"CNIB should satisfy the
 basic rehabilitative needs of
 blind individuals, but outside
 interests and activities should
 be encouraged and cultivated
 through a closer working
 relationship with community
 and government resources",
 he added.

Community resources
 should be made more readily
 accessible to blind persons of
 all ages who are also vital
 members of their own
 communities.

Mr. Storey is actively
 involved in Lions Clubs,
 Chamber of Commerce and
 his local church. He and wife,
 Miriam, have two daughters.

Gems of Truth

Cont'd. from last week:

With the Holy Spirit resident in every believer and president of the Church, its force moved far and wide across the then known world. He was the secret and invisible Inspirer of every Christian grace in the lives of the early Christians and harmony in evidence among them, as well as the director of every advance step and forward movement in the cause of the Lord Jesus

Christ. In fact, the Holy Spirit was in full control of the affairs of Christ and the Church and displayed His Divine sovereignty among the believers who had been bought for His possession at Calvary.

What the Holy Spirit was in the days of the Church as described in the Book of Acts, He is still today. He came to "abide forever with, and in the Church, as well as the individual believer, John 14:16-17. He is the Executor

of God and of Christ and as such administers all the affairs of their interests in all the earth. It is thus that He moves across the nations of the world in sovereignty, carrying out the will of the Father. The Church is His Temple, the "habitation of God through the Spirit," and therefore, the medium of His activity and manifestation. Eph. 2:19-22. Wherever the Church makes room for His work, and does it in His appointed way, it flourishes.

In calling the first missionaries to go abroad with the Gospel, the early Church unitedly waited upon the Lord for guidance and He gave clear and explicit direction. There were three things in this calling that should be noted. The Record simply says that the, "Holy Spirit said, Separate Me Barnabas and Saul: Acts 13:2. It was the voice of the Holy Spirit that was heard, and it was His judgment that was expressed. It was not the council, the synod, or the conference, neither the Church, but the Holy Spirit who called Barnabas and Saul and designated their work. How significant this is! What a voice it utters to us!

How about the Lord's work in these days in which we live? Where do the true workers come from, and how are they raised up and qualified? The Holy Spirit still chooses His own instruments and qualifies them for the service of the Lord in these days, exactly as He did in the days of yore. However, it has to be admitted that their number is not as large as it should be, due to the fact that a ritualistic and worldly professing church is substituting worldly methods and man-made schemes in lieu of the Divine order.

Institutions of higher learning, colleges, seminaries, and even Bible institutes all too often lay stress upon intellectual training at the expense and sacrifice of a Divine call and spiritual qualification. The voice of today seems to be pulpit-trained instead of God-ordained. Thus the sovereignty and authority of the Holy Spirit are ignored, while human schemes and machinery of all descriptions are prominent. Who does not long for the days of spiritual power in the Church?

The call of Barnabas and Saul was definite and unmistakable. The Holy Spirit had spoken. There was no show of hands or voting in the matter. All that the assembly was expected to do was to co-operate with Him and confirm the choice. It was asked of them to "separate" these two gifted men unto Him and for His work. The work of spreading the Gospel was His work and it ever remains such. It will prosper as His people co-operate with Him and not vice versa, asking for blessings on our plans. The worker is given a gift for service and divided among the Body severally as He will. 1 Cor. 12:11. He gives to every man his work.

The work given to Barnabas and Saul was to go to the Gentiles with the word of Salvation in Christ. It meant that their time, talents and strength were to be devoted to the task set before them. Everything else was to take a secondary place. They were to concentrate on their work and wholly consecrated to it. They were not called to a life of idleness and ease, but to a life of service for Christ. This was the need of the hour, and it remains thus today. The Holy Spirit is looking for men and women who will gladly labor and suffer for Christ in order that the redeeming Gospel can be heard and received by all who will listen to the plea of God to be saved.

Cardiff graduation

Michele Lewis, daughter of Mr. & Mrs. Orland Lewis, of Highland Grove, was the recipient of the "Student of the Year" award at the Cardiff Elementary School. The award, consisting of a cash sum and the student's name being placed on a plaque at the school, is presented annually by the local members of the Ontario Public School Men Teachers' Federation.

Michele received high academic excellence in her graduating year, but also assisted in the operation of the school's intramural sports programme; ably took part in the North Hastings Music Festival, and won the Elementary School division of the Haliburton County Oral Communications Festival and the Zone Finals in the Canadian Legion Public Speaking Contest.

The Word of God

BY BRIAN V. SULLIVAN

The elements that were involved in the betrayal, trial, mocking, and crucifixion of Christ came as no surprise to him. In fact, if we go back over his ministry in Matthew's gospel, we can find him relate detail after detail about those events. That's what we want to do today.

One of the earliest records of impending death and a resurrection to follow, is found in Matthew 12:38-40. It reads: "Then certain of the scribes and of the Pharisees answered, saying, Master, we would see a sign from thee. But he answered and said unto them, an evil and adulterous generation seeketh after a sign; and there shall no sign be given to it, but the sign of the prophet Jonas: For as Jonas was three days and three nights in the whale's belly; so shall the Son of man be three days and three nights in the heart of the earth." Jesus did not indicate in this passage just how he would die, but for sign

seekers, he points to the fact of three days and three nights in the heart of the earth. That is clearly a promise of his resurrection from the dead. Jonas (Jonah) was somewhat parallel, a type of fore-shadowing of that which Christ would face in his burial. A similar statement is also included in Matthew 16.

Leaving the multitudes, Jesus takes the disciples aside and questions their concept of his nature. First, he seeks public sentiment and then more directly, their opinion or conclusion as to who he was. After Peter had expressed the truth regarding Jesus we find that Jesus makes a number of promises. Listen to his words: "And I say also unto thee, that thou art Peter, and upon this rock I will build my church; and the gates of hell (hades, see below, bvs) shall not prevail against it." Matthew 16:18. The passage should be "and the gates of hades", as this would be more in line with the Greek text and general Bible

teaching. The New American Standard Bible has so rendered it. Hades is the realm of departed spirits, the place to which spirits go upon separation from the body (James 2:26, Eccl. 12:7; et al) Jesus was saying that in order to

establish his church (his called out body of followers) it would be necessary for him to die and be buried. Death would not hold him, he would also rise to do that work. His resurrection from the dead would be the greatest indication of his being God's own Son (See Romans 1:1-4). Add the facts together and we find Jesus is saying I will build my church upon this

rock...that is, upon the fact that I am the Son of God. Though it is needful for me to die first, do not fear for even Hades will not prevent me from doing what I shall and must do. As the Son of God I will conquer even death.

In Matthew 16:21 we find Jesus becomes very specific in detail of the events of the last few days of his life. Here is the record: "From that time forth began Jesus to shew unto his disciples how that he must go unto Jerusalem, and suffer many things of the elders and chief priests and scribes, and be killed, and be raised again the third day." Could it be any plainer? Let's assemble the facts here

mentioned: 1) It would be in Jerusalem 2) He would suffer many things of the rulers of the Jews 3) He would be killed 4) He would be raised on the third day. An interesting note is Peter's reaction to what the Lord had stated. He, that is Peter, did not want any of those things to occur. Listen to what Jesus said to him: "Get thee behind me, Satan: thou art an offence unto me: for thou savourest not the things that be of God, but those that be of men." That passage declares very clearly that all of the events which Jesus had mentioned were part of God's plan. Next week we will continue this study. See you then!

Gideons fiscal year

The local Gideons of Haliburton County closed their fiscal year on May 31st with their year's budget exceeded because of the generous support given their work by the general public.

The budget objective which is set by the former years achievement called for \$4,300 as a goal. This was surpassed and the sum of \$5,148.59 was the final figure released by the treasurer.

The local Gideons would like to take this opportunity to thank the public for helping them in the great task of making Bibles available to all nations.

The public is encouraged to

use the Memorial Bible Placement Plan in lieu of flowers as a lasting memorial for the bereaved. Also, special events of honor in birthdays, anniversaries, etc. are now being encouraged by Bible placement. Why not call the local chairman, Mr. Jim Cooper, for any information needed for helping to put your desires into effect. His phone number is 705-489-2041.

The local Gideons will meet at the Jim Cooper home on Monday, July 11th, 8 p.m. and a cordial welcome is extended to the general public to meet them at this time of fellowship.

ATTENTION: WELL, RIVER AND
LAKE WATER USERS...

YOUR DRINKING WATER MAY BE UNSAFE.

The Ontario Government says: "Even without human intervention the water of a lake or stream is unavoidably exposed to contamination at any time. Surface runoff can pick up fertilizer and wash over animal droppings (or carcasses) on its way to the lake, and birds are not dainty in their habits."

"...lake water should not be used for drinking without prior treatment. Even if you test the water and find it free of bacteria, the results tell you only that the sample (you took) ... was pure."

THE SUPER STERASYL WATER PURIFIER GIVES CLEAN, PURE, SAFE DRINKING WATER FOR UNDER \$70.

- Silver-impregnated ceramic cartridge traps and kills bacteria and filters other microscopic particles.
- Activated carbon removes most bad tastes and odours.
- Simple do-it-yourself installation — no pipe-cutting or soldering.

Building

PLAN No 75-1984

WIDTH: 48 ft.

Plan #75-1984

This good-looking, two-storey, three-bedroom home, with the warmth and feeling of traditional design, has an over-hanging roof which protects the large picture window and the front door entry. The front entrance is convenient to the double garage. There is also direct access from the garage to a mud/storage room. This small room may be used alternatively as a den or a fourth bedroom. It has easy access to the adjoining powder room.

An open fireplace is featured in the large living room. By combining this room and the dining room, a spacious area is created for entertaining. Sliding glass doors open from the dining room to a handy rear patio.

The compact and well-arranged kitchen is convenient to both the dining and family rooms. There is space for a breakfast nook in the family room. Close by, a second access to the rear patio is provided by sliding glass doors.

A door from the family room leads to a full basement. Working drawings include the option of basement or non-basement construction.

Upstairs the luxurious master bedroom has a walk-in closet and a three-piece ensuite. The other good-size bedrooms on this floor are serviced by a convenient three-piece bath.

A unique step-saving utility room, complete with washer and dryer, is located next to the main bathroom. Locating the utility room on the second floor saves the housewife the inconvenience of constantly carrying large quantities of laundry to and from different levels in the house.

Plans for Design #75-1984 may be obtained at a cost of \$65 for the first set and \$8 for each additional set, plus \$3 for postage and handling. B.C. residents must include seven per cent sales tax.

Send for the current edition of Select Home Designs, Series #32, featuring imaginative decorating and home improvement ideas, plus more than 300 quality homes of every type. Available for \$2.25 (\$1.75 plus .50 postage and handling).

To order these items please send cheque or money order, payable to Home of the Week. Address order to Home of The Week, c/o The Haliburton County Echo, 382 West Broadway, Vancouver, B.C. V5Y 1R2.

Thank-You

We would like to say how much we appreciate those who shared with us the joyous occasion of our 25th Wedding Anniversary. We want to say a very special thank you to those who were responsible for the delicious dinner at Mr. Fogg's, the surprise party on our lawn, the beautiful gifts, the cards, and the best wishes. Your kindness will always be treasured. Thank you very much.

Sincerely, Betty and Gerald Hicks.

I would like to thank my friends for their cards and visits during my recent illness. Special thanks to Dr. Good, Dr. Meade, Dr. Turner, Arcadia Masonic Lodge, Minden and staff of St. Joseph's Hospital, Peterborough.

Albert Currie

We would like to express our sincere appreciation and gratitude to all our relatives, neighbours and friends for all their kindness shown and to Dr. Good, Dr. Boyle and nurses on the 2nd floor, room 224 for their excellent care. Special thanks to Rev. John Smith for his message, the ladies who helped serve lunch and to John Miller, Stan Parish and help for looking after Stan's Texaco.

Thank you, Karen O'Connor & Girls.

TOWNSHIP OF STANHOPE

FINANCIAL STATEMENTS

AT DECEMBER 31, 1976

AUDITOR'S REPORT

To the Members of Council, Inhabitants and
Ratepayers of the Corporation of the
Township of Stanhope

We have examined the 1976 financial statements of the Corporation of the Township of Stanhope. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation of the Township of Stanhope as at December 31, 1976 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario municipalities applied on a basis consistent with that of the preceding year.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1976

NOTE 1: ACCOUNTING POLICIES

(a) Statement of Revenue and Expenditure -

This statement reflects the revenues and expenditures of the revenue fund. There are no general municipal activities carried on by a local board of the municipality.

(b) Statement of Capital Operations -

This statement reflects the capital expenditures and the related capital financing to be recovered from general municipal revenues of the municipality.

(c) Balance Sheet -

This statement reflects the assets and liabilities of the revenue fund, the capital fund and reserve funds.

(d) Fixed Assets -

The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities, capital funds transferred to other organizations, and the cost of capital projects not yet permanently financed, is reported on the "Balance Sheet".

(e) Municipal Enterprises -

There are no municipal enterprise activities carried on by a local board or by a committee of council of the municipality.

NOTE 2: RESERVES AND RESERVE FUNDS

(a) Provisions for reserves amounting to \$19,500 are reported on the "Statement of Revenue and Expenditure" classified under the appropriate headings.

(b) The "Statement of Revenue and Expenditure" does not reflect the following revenues for the year which were credited directly to reserve funds:

	1976	1975
For the Ontario Home Renewal Plan	\$ 29,000	\$ -

(c) The total balance of reserves and reserve funds is \$91,362 and is comprised of the following:

	1976	1975
RESERVES		
For working capital	\$ 45,500	\$ 28,000
For equipment replacement	15,100	13,100
Planning	2,700	2,700
	<u>\$ 63,300</u>	<u>\$ 43,800</u>
RESERVE FUNDS		
For the Ontario Home Renewal Plan	\$ 28,062	\$ -

NOTE 3: THE ANTI-INFLATION ACT

The municipality, its local boards and commissions are by agreement between the Government of Canada and the Government of the Province of Ontario dated January 13, 1976 subject to The Anti-Inflation Act (Canada) and the national guidelines. This legislation limits increases in compensation payments effective October 14, 1975.

NOTE 4: During 1976, the County of Haliburton changed its practice of requisitioning for the Senior Citizens debenture by way of separate requisition. In prior years, this has been treated as debenture debt assumed. In 1976, the debenture debt payment has been reflected as part of the county rate.
